MENTORINGWOMEN SINGAPORE  
JANUARY - DECEMBER 2024

---

## Protégé SG 2024 MentoringWomen

Protégé is delighted to be launching the 10th cohort of its highly successful MentoringWomen Program. The Program will match 40 high potential female mentees with 40 experienced mentors. Mentors are both men and women sourced from among Singapore's most successful corporate leaders, academics, entrepreneurs, NGOs and industry trail-blazers.

Whenever possible we will deliver the program in-person.

### Benefits

More and more organisations see the value of mentoring and leadership programs as a vital investment in accelerating women's careers and equipping them with the skills to attain the senior roles they aspire to. Our program includes all the elements highlighted as success factors for the further development of women in McKinsey's *Women Matter Report*, namely Mentoring, Leadership Skills and Networking.

We seek organisations that are passionate about the advancement of women leaders and interested in supporting their further development, retention and inclusion in the workplace and in the broader Singapore community. Our program will assist you to:

- Support, develop, and retain talented female professionals, bolstering a creative knowledge base, and establishing a competitive advantage.
- Build a sustainable and diverse pipeline of talented women by actively motivating and engaging your most promising talent.
- Tap into knowledge capital within and outside your organisation.
- Ensure senior leaders are equipped with the necessary mentoring and coaching skills to support younger women coming through the ranks and move towards gender parity.
- Promote your organisation's commitment to the advancement of women and increase awareness about the issues faced by professional women in the workplace.
- Leverage and build internal and external networks.
